## ONE DAY INDUSTRIAL VISIT

Department of Civil Engineering with EDU2020 an Online Platform arranged Intellectual Industrial Visit to L&T Construction, Bangalore on June 16th . Two students Participants {M Veerabaghu Venkatesh K Balaji} From Peri Institute of technology visited L&T CSTI(Construction Skills & Training Institute, Bangalore)

For more than a decade CSTI has been developing skilled workforce through structural training.

Basic training imparted in the following trades

- FORMWORK
- BAR BENDING AND STEEL FIXING
- MASONRY
- SCAFFOLDING

We visited the institute on 16/06/2017 situated at Attibelle industrial area in Bangalore. Senior Professor Mr.Nandha Kumar and other staffs welcomed us all and gave a brief introduction of their institute. Before proceeding they gave a Demo of several PPE (Personal Protective Equipments).We were given a close look at some of the formwork setup of different columns, beams & slabs. Later the staffs demonstrated on the different types of scaffolding setup. The last part of the visit was the Gallery, where we saw miniature art models of Formwork, Scaffolding & Masonry structures.

## OUR TWO STUDENTS
