
2018-2019

Final Year Project at “INDIAN SPACE RESEARCH ORGANISATION” for the Academic year 2018-2019

Hearty congratulation to the following students of 2018- 2019 batch who got selected to do their final year curriculum project in “Indian Space Research Organization (ISRO)”. This provides an opportunity to the students to work on an open ended problem which is typically different from other Engineering projects. The students will get an ability to function on multi disciplinary teams and also they will understand the professional and ethical responsibility.
