

7.1.9 -Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizen

**PERI**  
EDUCATION

**Location: 1**

Date : 04.07.2022

Venue: Govt. HSS - Padappai, Vandalur

Time: 9:00am to 4:00pm

Under the guidance of Mr.D.Prabhakaran (program officer) the NSS team visited a Government Higher Sec School in padappai near vandalur.

**There the volunteer performed various activities as listed below:**

- The camp started with the identification of problems in the adopted School and conducted an overall survey.
- The major problem faced by them are improper garbage disposal, lack of plastic disposal awareness, and unrepaired Grounds.
- Done the work of cleaning and repairing of School Ground.
- We planned a detailed schedule to remove the vast garbage which was irregularly dumped.
- The unrecyclable waste are burned and used in other ways as source.
- Prosopis juliflora tree which is know to absorb underground water and moisture from the air, are removed and used for various aspects.
- Water scarcity has been the main problem in last decades, so we took steps to clean the open water bodies in the School Surroundings.
- And mainly the over flow of garbage waste over the water are cleaned and disposed properly.
- Wide varieties of plant and tree saplings are distributed and planted in the School.
- The saplings of neem and other herbal are freely distributed among the School Students and few are planted in the School environment.
- Students grounded the saplings and started the work to maintain its growth.
- We had organized a meeting to create awareness and make the students to understand the need and importance of govt. schemes and job opportunities
- Students and few teachers are also supported us by spending their valuable time.
- Various awareness like hazardous impact of dengue and its breeding.

- Plastic are been a challenge to us in disposal and recycling.
- Due to poor facilities of disposal they dumped them on the roads and few buried them in grounds.
- We took a step to segregate these type of waste and spread awareness not to burn them in open space.
- All the plastics are collected at a spot and moved on to the process of recycling and asked not to use plastics under 50 microns.

**Conclusion:**

- The camp could manage to overcome the problems at the School.
- The major problems of water and pollution are controlled to a extent and made an practice to them
- School childrens are given a practice of sports along with their academics. Control of school drop outs are seen.
- The School students and teachers are satisfied with the service provided to them.
- Main aim was to spread social awareness among general masses
- The camp concluded with the overall ensurance of the program done in the adopted region.

## One Day Camp Report

**PERI**  
EDUCATION

**Location: 3**

Date : 24.09.2022

Venue: Aadhanur

Time: 9:00am to 4:00pm

Under the guidance of Mr.D.Prabhakaran (program officer) the NSS team visited the village for survey health and education.

### **Socio Economic Survey:**

The NSS unit of PERI Institute of Technology Chennai organized a Socio Economic survey camp, on 24th Sep 2022 at Aadhanur village. 40 Student volunteers were involved in this activity. The main motive of this survey camp is to collect data on availability of various infrastructure facilities like education, health monitoring, cultural activities and facilities for disabled person in the selected villages.

After the survey the NSS volunteers came to know about the Latest development in agriculture, water facility, waste management, waste land development, nutrition and personal hygiene. This help the student volunteers to increase their analytical ability and deepen their thinking and also help them to categorize the problems which have been left unnoticed.

#### **Door to Door visit:**

NSS-PERIIT organized with the help of rural development Government of Tamil Nadu. The main aim of our program was to make these villages free from open defecation, to spread awareness about proper sanitation and waste management schemes. Around 40 student's volunteers were involved in this activity.

During the survey the NSS volunteers came to know the availability of basic toilet facilities in the houses of the villagers. This was very helpful to know the count of villagers who were involved in open defecation. By this survey the volunteers came to know about waste disposal and drainage facilities available for the villagers.

They gave them information about the diseases caused by open defecation. Villagers gave us a very good response. After that, we gathered all the villagers in one place and spoke about how to dispose the waste in a proper manner. The volunteers also came to know about their economic status and concluded that most of the villagers were poor to reconstruct their damaged toilets which were earlier allotted by the government, and few were still good.

#### **Awareness on Solid Waste Management System:**

During the event the district social motivator along with our NSS volunteers addressed the people about the importance and necessity of Solid Waste Management System.

The problems caused by the solid waste, the goal of Solid waste management system, best practices to manage the solid waste, the types of solid waste management system and the steps involved in solid waste management systems were clearly explained to the villagers.

From this Survey camp, we learnt more about our field and gained knowledge about calculating the area for different kinds of field by doing different experiments. I would like to thank all the village people for helping to run this wonderful camp.

## FREE EYE SCREENING CAMP

**PERI**  
EDUCATION

**Location: 3**

Date : 25.08.2022

Venue: PERI Conference Hall

Time: 9:00am to 4:00pm

Under the guidance of Mr.D.Prabhakaran (program officer) the NSS team organized the Eye care camp in PERIIT campus.

The National Service Scheme of PERI Institute of Technology (NSS-PERIIT), in hands with KN Eye Hospital, Nesapakkam, Chennai organized a one-day free eye camp for the benefit of students of PERI Institute of Technology in Mannivakkam on 25.03.2022.

### Impact of eye checkup camps with spectacle distribution:

Physical function, emotional wellbeing and overall quality of life can be enhanced:

- Enhanced and clearer visibility to read, write etc.
- Increased opportunity to continue or resume an occupation mainly for tailors, drivers etc.
- Increased mobility
- Improvement in quality of life
- Improved self-esteem and independence
- Increased ability to avoid injury

### Screening of patients:

In the screening camp, the medical team identified people in the community, were suffering from any form of eye disease or in need of spectacle. The findings ranged between the following:

- Corneal opacity/injuries
- Vision
- Cataract
- Retinal Pathology
- Glaucoma

## Blood Donation Camp

**PERI**  
EDUCATION

**Location: 6**

Date : 22.09.2022

Venue: PERIIT Campus

Time: 9:00am to 4:00pm

Under the guidance of Mr.D.Prabhakaran (Program Officer) the NSS team organized the blood donation camp in PERIIT campus.

The National Service Scheme of PERI Institute of Technology (NSS-PERIIT), in hands with Govt Hospital, Nandhivaram, Chennai organized a one-day blood donation camp for the of students of PERI Institute of Technology.

**Activity/Event objectives:**

1. To collect blood units but also to make students aware about blood and its benefits.
2. It was an effort to motivate students to come forward and donate for this noble cause.
3. First time donors need to be encouraged so that once the initial hesitation/ fear goes away, the donor will look forward to such camps in near future too.
4. To help anyone, in case of any requirement for blood

Blood cannot be manufactured it only comes from generous donors to save the society and mankind, we should come forward for this Noble cause. 50 units of blood were donated by both students and the staff members of our PERI Institute of Technology.

India faces a blood shortage of 3 million units. The problem can be addressed if an additional two percent of Indians donate blood, as opened by the Health experts.

We need 12 million units of blood every year but just about nine million units are being donated. Our College has been religiously organizing blood donation camps every year and students and the faculty members come forward voluntarily to donate blood.

While addressing first time donors at the camp our NSS volunteers brought awareness in them about shortage of blood and why we must donate blood every year, to help the persons requiring blood. Blood donation can save lives of innumerable persons.

Donation of blood is very critical and crucial for saving lives many patients and those who have met with accidents. It is as such a great service or contribution to the society and people living in it.

We express our sincere thanks all your team members at each location for making this special blood donation Camp successful. We have been able to expand our working areas and succeed on the project goals with the involvement and all round support of the entire team. We express our deep gratitude to everyone involved in this program.

We appreciate the precious time, valuable suggestions and hard work before and during the implementation of this special Blood Donation Camp. We look forward for your continuous help, feedback, cooperation, assistance and solidarity for such camps in future also.

### **Awareness of POCSO Act, 2012 Report**

To safeguard the interest and well-being of children, Government of India enacted an Act namely “The Protection of Children from Sexual Offences Act, 2012” (POCSO Act). In educational institutes students may prone to sexual assault and sexual harassment, apart from other walks of life. It is therefore, immensely essential to initiate steps for creating awareness about POCSO Act and sensitizing the students as well as staff, from the offences suffered due to sexual assault and sexual harassment and quantum of punishment for such criminal act. For implementation and awareness of POCSO Act, 2012 all departments of our institute have arranged a awareness program as per following details:

## **First aid Orientation program Report**

The orientation program for the Youth Red Cross was held on 04-01-2023 at the conference hall in the college campus. The chief guest **Mr Manikam** was formally welcomed by the program officer. The dignitaries present on the occasion were **Dr. Palson Kennedy, Principal of PERIIT and Mr. Magesh, the Vice Principal of PERIIT.**

The orientation began with the Tamizh thaai vaazhthu and the program was enlightened with the kuthuvilakku. The event was followed with a informational speech by our Principal about the Youth Red Cross and continued by our Vice Principal. As a token of gratitude the chief guest Mrs. S.M. Geetha was respected with the memento and the shawl. Then she delivered her presidential remarks and highly appreciated the efforts taken by our YRC members in the society and also expressed her best wishes to the association and co-ordinators for the event.

She genuinely presented an example about our Former President Dr. A.P.J. Abdul Kalam's YRC membership in his life. As per our request, she briefly explained about the basic First-Aid treatment to make a safe and healthy society. She called a volunteer as a practical example and cleared our doubts about the First-Aid and she let us to realize that **"SERVICE TO MANKIND IS SERVICE TO GOD"**.

This all tend us to gain a good personality and achieve all-round development by being a member in this organization. The program came to end with the YRC member pledge followed with a vote of thanks.

Finally as a patriotic Indian, we all stood united for the national anthem, the program winds up with a great success.
