**STUDENTS FEEDBACK REPORT**

**YEAR/SEM: III / VI**

S. No	Subject code / Subject Name	Consolidated Feedback Average in %	Feedback Review	Corrective Action	Remarks
1.	CE 8601 – Design of Steel Structures	92.38	Need more GATE related problems to be explained in the class.	Subject in charge was asked to provide more GATE exam related problems with clear explanations.	Staff in charge agreed to give more examples.
2.	CE 8602 – Structural Analysis 2	91.76	Need more concepts to be explained for the same concepts.	Subject In charge who was asked to ask questions to promote interaction and thinking.	Staff in charge agreed to interact with students.
3.	CE 8603 – Irrigation Engineering	92.61	Need more GATE related problems to be explained in the class.	Subject in charge was asked to provide more GATE exam related problems with clear explanations.	Staff in charge agreed to give more examples viz., videos, ppt etc
4.	CE 8604 – Highway Engineering	90.84	Need more interaction with the students in the class.	Subject in charge was asked to provide examples.	Staff in charge took it in a positive way.
5.	EN 8592 – Water Supply Engineering	90.33	Students asked to give more real time examples to improve creativity.	Subject in charge was asked to ask question to promote interaction and thinking.	Staff in charge agreed to give more real time examples videos, ppt etc
6.	CE 8001 – Ground Improvement Techniques	92.15	Need more concepts to be explained for the same concepts.	Subject In charge who was asked to ask questions to promote interaction and thinking.	Staff in charge agreed to interact with students.

Planning and Organization

Teacher

Arrives to the class on time

Arrives with well planned teaching material

Explains aims/objectives clearly

Organizes subject matter in logical sequence

Arrives with good preparation on the subject

Presentation/Communication

Speaks clearly and audibly

Writes and draws on the board legibly (theory courses) OR provides well prepared lab manuals (lab courses)

Provides examples of concepts/principles with clear and effective explanations

Instructs at a level that enables understanding

Offers assistance and counseling to the needy students

Student participation

Asks questions to promote interaction and thinking

Ensures learner activity and problem solving ability

Encourages the students to ask questions and doubts and answers them with patience

Promotes originality and creativity of student

Is courteous and impartial

Class Management / Assessment of students

Manages classes regularly and maintains discipline

Completes the syllabus at the right pace

Conducts tests regularly, builds confidence and helps acquisition and application of knowledge

Distributes marks fairly and impartiality

Is prompt in valuation, returns the script records

On time and provides feedback
