Fig 2 Resource Person addresses the audience

Create a Plan: "Identify a few key features, such as, why is finding a new job important to you? What is your ideal time-frame for finding a new job? What are types of companies you'd like to work for? He spoke the better understanding the field and what an IT professional does and how the students to discover a career path.He told that, IT professionals are the people who build, test, install, repair, and maintain hardware and software within organizations. Some organizations will have an in-house IT team, whereas smaller scale businesses may hire freelance IT professionals for specific tasks.He elaborated theways how to fit into IT jobs."Be clear on what you want, why you want it and what qualifies you".It could involve taking a standardized assessment instrument, keeping a journal or talking with people whose advice and feedback your value — friends, family, or a career coach. The goal is to achieve self-awareness in the form of a career target.
