Memorandum of Understanding

AMONG
M/S. VISION DEFENCE INSTITUTE -
M/S. PERI INSTITUTE
ON

DEFENCE CLUB at PERI INSTITUTE

This Memorandum of Understanding (MoU) sets for terms and understanding between the **VISION DEFENCE INSTITUTE** and the **PERI INSTITUTE** for Defence career awareness/ Defence exam and Interview training for students at PERI Institute.

PURPOSE OF MOU

The purpose of this MOU is to establish the terms and condition under which the Vision Defence institute shall provide support for the defence awareness program to Peri Institute.

1 | Page

Dr. R. PALSON KENNEDY, M.E., Ph.D.
PRINCIPAL
PERI INSTITUTE OF TECHNOLOGY
Mannivakkam, Chennai - 600 079.

TERMS AND CONDITIONS

1. Vision Defence Institute shall be a knowledge and supporting partner for the Defence club activities of the college for encouraging students at the college to join as officers in the defence forces.
2. Vision Defence Institute shall serve as knowledge, career, and training partner for the defence club of the college.
3. Vision Defence Institute and college shall create awareness programs on opportunities in defence forces to the students of PERI Institute.
4. Vision Defence Institute and PERI Institute shall set up SSB workshops which may include Motivations talks, Quiz competition, awareness on defence related exams and other foundational approach for competitive exams.
5. Vision Defence Institute shall train candidates for defence exams as per the convenience of the PERI Institute and Vision Defence Institute.
6. Vision Defence Institute shall conduct activities that would promote participation of candidates in defence related exams and SSB interview.
7. If the conditions are feasible Vision Defence Institute shall make arrangements for the students of PERI Institute for visit in OFFICER TRAINING ACADEMY-CHENNAI.
8. The above stated activities shall be carried out as per the convenience of Vision Defence Institute and PERI Institute on campus or off campus.
9. Vision Defence Institute android application shall be utilized for awareness and training purposes on cost agreed upon by both the parties as agreed.
10. Vision Defence Institute coaching services shall be made available for college students at an agreed cost by the both the parties.
11. Training and program organizing venue could be on campus or off campus fixed from time to time based on the requirements as agreed upon by both parties.
12. Except for seminars, webinars, and motivational presentations by notable figures, all training activities, workshops, and exhibitions will be covered by operating costs agreed upon by both organizations.

REPORT ON EVENT

Department	Internal Quality Assurance Cell
Type of event	Guest Lecture
Title of the event	Challenges in Design & Development of Mechanical System for Aero Application
Date and time	24-03-2022 & 10.00 am
Mode of event	Offline
Details of participants	Mechanical and Electronics and Communication Engineering Students
Details of the resource person	Name Of The Resource Person: Dr S Krishnakumar and Dr S Nagesh Organization: Ministry of Defence. DRDO, Avadi Chennai Designation: Scientist 'F' Project Director
Report on Event	<p>The chief guest explained about the challenges that mechanical engineers facing in designing the mechanical components for aero application. Mechanical design for aerospace systems is a multifaceted process that integrates various engineering disciplines to create safe, efficient, and reliable components and structures. The principles of mechanics, materials, thermodynamics, fluid dynamics, and control are applied to combine the requirements of the aerospace project. Mechanical design also considers the environmental, operational, and regulatory factors that affect the aerospace system, such as aerodynamics, loads, vibrations, noise, heat, corrosion, and fatigue. Various tools and techniques can be used by the mechanical engineers to perform mechanical design, such as computer-aided design (CAD), finite element analysis (FEA), computational fluid dynamics (CFD) and optimization algorithms. He has also explained the career opportunities for them in aero industry. He included that mechanical design and analysis are essential skills for mechanical engineers who would like to work in the aerospace industry.</p>
Outcome of the Event	This session enhanced the knowledge in the field Aerospace Industry
