- e. If an exchange student has undertaken research, then the host institution will evaluate the exchange student's performance in the research, and issue a letter to that effect, together with a technical "report" of the research carried out by the student.
- f. If an exchange student has undertaken research, then the home institution will take note of the performance evaluation and the technical report, and take steps in accordance with its own procedures.
- g. To avail travel expenses, students can apply for existing funding programs at their respective home universities.
- h. The exchange students will pay tuition and other fees at their home institution.

E. Exchange of Scientific and Technical Material

PERIIT and UNAIR will exchange information on research and educational programmes and teaching/learning material and other literature relevant to their educational and research programmes.
