Peri Institute of Technology has a scholastic, central library, automated with ILMS called iguru software-version 9.4, purchased from PERI Software Solutions, to provide access to books, magazines, database and academic journals. Book issues, returns and renewal are done with software and maintained in register too. It is a digitalized and Wi-Fi connected library, where online resources are subscribed and used by the teaching and learning community. The staff and the students can utilize the library at any time. The Librarians organize library inventory (e.g. with books, magazines, database, etc.) and conduct regular checks and updates on database information.

- Abstract**: Video streaming takes the largest share of internet traffic today, and MPEG dynamic adaptive streaming over HTTP (DASH) has become dominant among other video streaming standards and protocols. According to the DASH standard, multimedia content is encoded in different quality levels with different bitrates located on the server, and users can request multimedia content of any available bitrate. The user side determines the desired bitrate in the unit called adaptation bitrate (ABR) logic. Many ABR algorithms have been proposed to improve the quality of experience (QoE). The main criteria for determining QoE are average bitrate, number of switches between resolutions, and number of buffer.

Dr.Palson Kennedy presenting the event

#### Description :

The main objective of the NDLI Club is to inculcate a zeal towards the reading the various resources available in library and NDLI among the students of the college. To create awareness among Staff and Students of NDLI Club and NDLI Users Awareness Workshop is being organised. The total 124 participants registered from NDLI Club portal and all students and staff participated in the event and all participants present for this event and all are attended the workshop. Dr. R.Palson Kennedy, Principal and PERIIT- NDLI club Pattern, , PERIIT has presented and created awareness among the participants. Mr. Vijayanarayan PERIIT NDLI Club President welcomed all the participants and Mrs.S.L.Sreedevi, PERIIT NDLI Club Secretary of NDLI Club has explained about Digital Library needs, NDLI Club and its different activities which were conducted by NDLI Club on his welcome speech. The Principal and Patron Dr. Ramkumar addressed the gathering with attempting the Digital Libraries needs, NDLI Club activities and about library resources. Dr. R.Palson Kennedy, as a part of the workshop he presented documents available in NDLI website. The NDLI has started its activities initially as a project, now it is expanded beyond the project to increase the content availability. He explained the resources, contents, different formats of the contents, searching filters, how many languages

covered, and method of search and retrieves the documents from the NDLI portal and how to narrow down the results and he explained the difference between registered and non-registered users and how the registered users can get benefit. He explained the NDLI portal registration process and how to recover their password if anyone forgotten their password. To increase the usage, NDLI has started a new method called NDLI club in all the educational institutions across the country. The activities are formed such that the students are motivated to read any reading material to participate in the activities. In this way students are moved towards the reading activities. This helps the students to increase the capacity to understand not only the technical subjects but also, they can understand more social related subjects. He has concluded his address to increase the student participation in the NDLI Club with monthly activities.
