Career Awareness programme in Civil Engineering

The Department of Civil Engineering has organized a 'Career Awareness programme' on 11th July 2018 at PERIIT Conference Hall for final year Civil Engineering students. **Mr.S.K. Karthik**, Director Terzaghi Institute addressed the students. Earlier, **Mr.B. Magesh**, HOD, Department of Civil Engineering welcomed and felicitated the Chief Guest.

The Guest introduced about scope of Civil Engineering to the students in the State and Central Government. He insisted understanding of Civil Engineering subjects with a student centric approach to achieve success in the competitive exams of GATE, PSUs, IES, TNPSC-AE. He also discussed with the students about the technical aspects of various Civil Engineering subjects such as Design of Reinforced Concrete Structures, Highway Engineering, etc.

Smart guidance given by the Guest Speaker made these sessions serve as an ideal platform for the students to supplement their theoretical and practical knowledge.

STUDENT'S FEEDBACK:

“It was a very useful experience from a well knowledge person. The event made by our organization was good and we are happy to know about job opportunities and to hear his lectures. We expect lectures like this in future also” by R. Anirudhan IV Year Civil Engineering student.
