PERI INSTITUTE OF TECHNOLOGY
YRC ORIENTATION PROGRAM

Date: 01-02-2020

The orientation program for the **Youth Red Cross** was held on 01-02-2020 at the conference hall in the college campus. The chief guest **Mrs.S.M.Geetha** was formally welcomed by the program officer **Mr.Loganathan**. The dignitaries present on the occasion were **Dr.Palson Kennedy**, Principal of PERIIT and **Mr.Magesh**, the Vice Principal of PERIIT.

The orientation began with the Tamizh thaai vaazhthu and the program was enlightened with the kuthuvilakku.

The event was followed with a informational speech by our Principal about the Youth Red Cross and continued by our Vice Principal.

As a token of gratitude the chief guest **Mrs.S.M.Geetha** was respected with the memento and the shawl.

Then she delivered her presidential remarks and highly appreciated the efforts taken by our YRC members in the society and also expressed her best wishes to the association and co-ordinators for the event.

She genuinely presented an example about our Former President **Dr. A.P.J.Abdul Kalam's** YRC membership in his life.

As per our request, she briefly explained about the basic First-Aid treatment to make a safe and healthy society.

She called a volunteer as a practical example and cleared our doubts about the First-Aid and she let us to realize that **"SERVICE TO MANKIND IS SERVICE TO GOD"**.

This all tend us to gain a good personality and achieve all-round development by being a member in this organization.

The program came to end with the YRC member pledge followed with a vote of thanks.

Finally as a patriotic Indian, we all stood united for the national anthem, the program winds up with a great success.

NSS SPECIAL CAMP

NSS-PERIIT

2019-2020

23.12.2019 to 29.12.2019

INTRODUCTION:

Under the guidance of unit chairman and programming officer, We adopted salavakkam village, uthiramerur taluk, kancheepuram district, tamilnadu

DAY 1:

- The camp started with the identification of problems in the adopted village and conducted an overall survey in the locality.
- The major problem faced by them are improper open water bodies, improper garbage disposal in households, lack of plastic disposal awareness, and unrepaired roads.
- Done the work of cleaning and repairing of halt place.

DAY 2:

- The camp focused mainly on general medical check-up and eye check-up which is known as basic need for the rural people.
- The check-up camp started with a warm welcome to the doctors and village president.
- **NSS-PERIIT** and **kalyani speciality clinic, vadapalani** organized the free general medical camp. special treatment done by the doctors for the better health of the old age peoples.
- Similarly, a free eye check-up camp was done by **Aggarwal eye hospital, tambaram.**
- The attended people was satisfied with the service provided by us.

DAY 3:

- The main problem faced by the villagers improper disposal of household and domestic wastages which are directly disposed to public premises and nearby open water sources.
- We planned a detailed schedule to remove the vast garbage which was irregularly dumped.
- The unrecyclable waste are burned and used in other ways as source.
- Prosopis juliflora tree which is know to absorb underground water and moisture from the air, are removed and used for various aspects.

DAY 4:

- Water scarcity has been the main problem in last decades, so we took steps to clean the open water bodies.
- Mainly concentrated on ponds and streams of water, we had put our hands together to remove the weeds over the water and maintain a healthy ecosystem.
- And mainly the over flow of garbage waste over the water are cleaned and disposed properly.
- Over the village we observed the water and done the work to safe guard and clean them.

DAY 5:

- Wide varieties of plant and tree saplings are distributed and planted over the surroundings.
- Due to lack of afforestation and usage of fire wood decreased the count of trees over there.
- The saplings of neem and other herbal are freely distributed among the villagers and few are planted near the slopes of the village to avoid soil erosion.
- Villagers grounded the saplings and started the work to maintain its growth.

DAY 6:

- Due to lack of awareness of govt. schemes and job opportunities many people are unemployed and lack of health of health awareness.
- We had organized a rally to create awareness and make people understand the need and importance of various aspects.
- Locality people also supported us by spending their valuable time to listen regarding the rally.
- Various awareness like hazardous impact of dengue and its breeding, govt. schemes like DDU GKY, PMKY etc...

DAY 7 :

- Plastic are been a challenge to us in disposal and recycling.
- Due to poor facilities of disposal they dumped them on the roads and few buried them in grounds.
- We took a step to segregate these type of waste and spread awareness not to burn them in open space.
- They are simply dumped on road sides, public premises and nearby water bodies or else simply burnt.
- All the plastics are collected at a spot and moved on to the process of recycling and asked not to use plastics under 50 microns.

CONCLUSION:

- The camp could manage to over come the problems at the village.
- The major problems of water and pollution are controlled to a extent and made an practice to them
- School and middle age childrens are given a practice of sports along with their academics. Control of school drop outs are seen.
- The villagers are satisfied with the service provided to them.
- The camp concluded with the overall ensurance of the program done in the adopted region.
